

Departmental Profile:

1. About the Department:

The Department of Electronics was established in the year 1985 with the vision to impart quality education for professional excellence and commitment for sustainable development. It offers B.Sc. course in Electronics. The department offers excellent learning facilities to enable the students to meet the challenges of future world and focuses on all round development of the students. This department has achieved remarkable success in the implementation of academic activities.

In response to University Grants Commission (UGC) to reorient and reshape its policies and programmes to make the current Indian Higher Education System more relevant and career-oriented with focus on quality and excellence, the college has started career oriented CERTIFICATE COURSE IN COMPUTER FUNDAMENTALS & PROGRAMMING IN 'C' LANGUAGE under Department of Electronics from the session 2012-13.

2. Highlights of the Department :

- a) Grant in aid department,
- b) Eligible and qualified staff
- c) Grant in aid department,
- d) Well-equipped laboratory,
- e) ICT facility,
- f) Computers with internet facility,
- g) Rich departmental Library,
- h) Student's projects,
- i) ADD ON course.

3. Courses:

- a) UG: Bachelor of Science,
- b) Others: UGC sponsored Certificate Course in "Computer Fundamentals and C language"

4. Activities: (Last three years for students)

- a) Unit test,
- b) Tutorials,
- c) Assignments,
- d) Students' seminar,
- e) Students' projects,
- f) Guest lectures.

5. Academic Achievement of the Students:

- a) Placement of students.
