1. The minutes of the previous meeting dated 27/4/2019 were read , approved and confirmed.
2. Revision of Semester V and Semester VI Syllabus:
As languages are taught only to 1st and 2nd Semester only the revision of syllabus was not applicable.
3. Discussion of Absorption Scheme :
As no proper documents regarding the absorption were placed before the house, the subject was dropped without any discussion.
4. Discussion on paper pattern of BSc Semester Ist (2019-2020):
It was decided that the paper pattern of BSc I (2019-2020) of all the three languages should remain unchanged. It should remain as it is.
But various suggestions were given by the members to develop the reading skills and interest in languages and literature:
 - Professor Megha Chute proposed that items like blog- writing, technical terminology and writing of slogans be introduced in Marathi. Prof. Butale seconded the item.
 - Prof. Surekha Dube proposed that the students should be taught to write poems and articles on current topics so as to facilitate them for the inclusion in college magazine.

- Prof. Makanwar proposed that the students have demanded to include a novel in the syllabus. The Chairman suggested that instead of prescribing a novel one of the books of Sudha Murthy may be prescribed for additional reading. The book would not only be motivational but also teach moral and ethical lessons to students. The questions asked on the books would be of internal choice so that the paper pattern would not be disturbed, and interested students will come to have a taste of languages and literature. It would become familiar to different cross sections of the society. The book should be placed before the house in the next meeting. But all the changes incorporated would come into force from academic session 2020-2021 after the confirmation of Minutes.

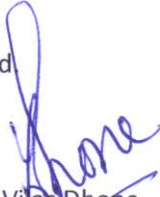

Following Additions may be made to the list of Valuers and Moderators.
