Organized
Workshop on
Career in Waste Management
On 27th October 2023
Report

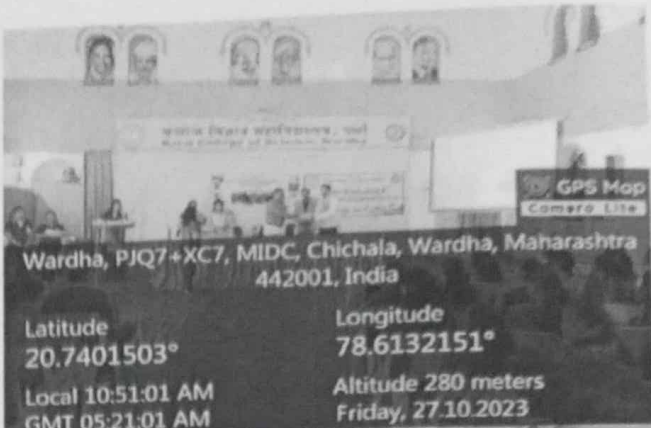

Department of Biotechnology organized workshop on Career in Waste Management on 27th October, 2023 under the guidance of Prof. P. V. Tekade, Principal, Bajaj College of Science, Wardha, Dr. U. A. Malode, co-ordinator of Department of Biotechnology and Dr. S. S. Khandare, Head of Department of Microbiology. The resource person for this workshop was Dr. Ashish Polkade, founder of Bharat Eco solutions and technologies, Pune and Mr. Suraj Bhagat a Certified Career Counsellor and Founder Rising India, Pune. Dr. P. V. Tekade welcomed Dr. Ashish Polkade and Dr. S. S. Khandare welcomed Mr. Suraj Bhagat with a book of '75 Indian scientists'. While delivering introductory remark Dr. U. A. Malode emphasized on how the environment is going to deteriorate from wrong methods of waste disposal. She declared to start new certificate course regarding waste management in association with Bharat Eco solutions and technologies, Pune. Dr. P. V. Tekade addressed the students on this occasion on the importance of such workshops and he said that nurturing the nature is the prime duty of us. He made an announcement about signing of MoU with Bharat Eco solutions and technologies, Pune.

Dr. Ashish Polkade discussed on how to provide innovation based solution for waste treatment and its contribution in changing "Waste to Energy". He explained the consequences of waste on our environment with statistical records and observations he worked on through his career. He also discussed about the myths of working as an environmental expert and how an individual can pursue his/her career in the field of environmental technology.

Mr. Suraj Bhagat, a Certified Career Counsellor and Founder of Rising India, Pune was the second guest speaker who spoke about how one can choose their career. He is a psychologist, facilitator, researcher and motivational speaker. He discussed about how to change the mindset of an individual from negative to positive which can change the path of career growth. He lead the lecture with a few exercise to explain how expecting more from ourselves can improve our results.

Moving further Dr. Ashish Polkade and Mr. Suraj Bhagat discussed on the Certificate Course on Green Career and also interacted with the students in the interactive session after the lecture.

Miss. Khushi P. Deogade conducted the programme. Miss. Komal Dhumane introduced the guest speaker Dr. Ashish Polkade and Miss. Pallavi Rode introduced the guest speaker Mr. Suraj Bhagat. The vote of thanks was proposed by Miss. Sanskruti Petkar Faculty of Dept. of Biotechnology Dr. K. A. Kale, Miss. K. S. Dhumane and Miss. P. B. Rode took efforts for the success of event. Total 138 students of UG and PG was benefited by this workshop.
