Very good

NO

No reason

I haven't participate in any internship programme just because they were not relevant to the topics that I desired.

Very interesting

Sometimes due to the money

I am participating in course of computer Aided drugs and vaccine design but I don't have this certificate.

No i haven't participate in such trainings.

Best experience I got in this college with each n every exam

...

I have not interested for that

N/A

Amazing

yes,because most of the INSA summer training is not free of cost for students.

It was good and I got lots of knowledge from that one

I had participated in few .

Lack of awareness

My experience with the Anata Aspen Fellowship is so rich and that program has really shaped me into a better version of myself and polished my leadership qualities.

Its good

It is very important and intrasting program

No reasons

I never get a chance to go for such a programme. No one told us about it.

I have participated

I did not participated due to the time constraints.

No reason

My dadi

Due to covid pandemic, unfortunately I was unable to participate in the programme mentioned above . Still, the programme that I have been part of other than that it gives immense knowledge about importance of extra curricular activities in life.

Because I have no idea abt it

They not tell us about any internship

Yes but not participated

I dont know

Because it's not related to the field I'm gonna make career in

No not participated

The reason for not participating in such programme because i get less time to studies.

College should plant more trees in the campus

All curriculum excellent

All is well

What we imagine isn't necessary to be real

Everything in college regarding studies is very well conducted and helpfull.

Before semester exam ithink there is a need of unit test also

No suggestions

N/A

Need tree plantation in college campus.

Plant more trees in campus area

NA

Everything is good, only need to improve politeness and cooperation of teacher

I think teachers focus should be more towards giving students practical learning experience with explaining them importance of topic in brief and it's application in day to day life . More focused should be given to have a hands on experience of the given subject that helps them feel confident in their future endeavours. That surely will help college achieve great success ahead.

Good Internal marks should be given to all the students . They are not giving good marks and assignments should not so big. classes are held between 8am-3pm  
And corridor built more vast for students

Changes in timetable timings.

Where to do job after bsc? Placement should be improved.

.

Changes in timetable timing and maintenance is necessary

According to me, I think the teacher may treat the normal as well as topper student same, and some of microbiology teachers behavior are soo rogh which is not useful for student, I think teacher staff may treat the student as good as best because they are the future of our india, and they are not study for a single paper exam, the teacher may give time for student, because Due to student the teacher are in the college. Soo it is there responsibility to behave in good way with the student .....

Change in college timing

- 1.Student dont want gap between lecture.if there is no gaps between lecture then college time become decrease & student get more time for study
- 2.student need continue lecture of specific subject continuously, till the topic of that teacher is completed , then other teacher can start the new topic of same subject .it hepl student to link with that topic till complete .

Our college always encourage students.

No suggestion

Please co-operate students

Time table management

Nothing

Excellent

The college need mordenizatio and the teacher who are ready to retire the must retire because most of the teachers are disinterested to teach specially maths faculty we need some changes there and library must be open to students to find the book they want and there should be a auditorium beacuse there are so many students but we don't have a proper facility to gather them in one roof even arrangment during yugam was quite average and the sports events where not even that great the students didn't even enjoyed that much because of there poor arrangement...

Plant more trees in the campus

Washroom should be clean on regular basis

All is well !

Nice development

Everything is well and good

Yes
