The Department of Languages runs a digital Language Lab, wherein special software has been installed with student consoles and a teacher's console to improve pronunciation, accent, and overall spoken skills. Here, students can listen to their own accent and pronunciation through headphones and rectify their mistakes while speaking. This helps them significantly during campus recruitment drives conducted by various national and multinational companies visiting the college.

At present, 11 computers are dedicated to the Language Lab, out of which one is a teacher console (which also acts as the server for the main software) and 10 are student consoles, all connected through a LAN (Local Area Network).

The Department has recently started “ Soft Skills Development and English for Competitive Examinations” under English Language Club. Many workshops in and outside of the college on "AI (Artificial Intelligence) for Educators" are being conducted on regular basis.

In Marathi, novel initiatives such as

"**Marathi Language Olympiad**", "**Marathi Language Quiz**" under **Marathi Language Club** are conducted regularly.
